

**& WELDING INSTITUTE OF MALAYSIA**

# TRAINING FUTURE WELDERS with VIRTUAL REALITY

Thursday, 26th April 2018 | 2:00pm - 5:00pm | TWI Technology (S.E. Asia) Sdn Bhd

The Lincoln Electric Company (Asia Pacific) Pte Ltd in collaboration with the Welding Institute of Malaysia (WIM) would like to invite you to attend a Technical Talk on Training Future Welders with Virtual Reality. It will be held on Thursday, 26th April 2018 at TWI Technology (S.E. Asia) Sdn Bhd. This technical talk will focus on:

- How the VRTEX® systems can speed up the welding qualification methods process significantly as the conventional methods rely on costly welding coupons and time consuming mechanical test before welders are qualified for a specific job.
- The capabilities of the VRTEX® systems in simulating real life welding conditions
- The scope of AWS welding qualifications codes which can be satisfied with the VRTEX® systems

## Who should attend

Production executives, welding engineers and inspectors, QAQC executives, factory managers and anyone who is involved and have passion in welding. Manufacturers, factory workshop owners who are working with large group of weldings and requires constant qualification and short recertification periods.
